

## SAFETY DATA SHEET

## Compashield Rubber

The safety data sheet is in accordance with Commission Regulation (EU) 2015/830 of 28 May 2015 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

**SECTION 1: Identification of the substance / mixture and of the company / undertaking**

Date issued 07.06.2018

Revision date 15.12.2018

**1.1. Product identifier**

Product name Compashield Rubber

Article no. Nolato 1XXX and 3XXX and 7XXX series, XXX is any number between 000 and 999. This document is also valid for the above mentioned products when they are delivered as A+B or A+B+C or A+B+C+D.

**1.2. Relevant identified uses of the substance or mixture and uses advised against**

Use of the substance / preparation Silicone rubber for industrial manufacturing of gaskets

Relevant identified uses SU11 Manufacture of rubber products

**1.3. Details of the supplier of the safety data sheet**

Company name Nolato Silikonteknik AB

Office address Bergsmansvägen 4

Postal address Box 62

Postcode 69403

City Hallsberg

Country Sweden

Telephone number +46 58288900

Fax +46 58288999

Email [magnus.mattsson@nolato.se](mailto:magnus.mattsson@nolato.se)

Website <http://www.nolato.se/silikonteknik>

**1.4. Emergency telephone number**

Emergency telephone Telephone number: +4658288900

## SECTION 2: Hazards identification

### 2.1. Classification of the substance or mixture

Substance / mixture hazardous properties Not regarded as a health or environmental hazard under current legislation.

### 2.2. Label elements

Labelling according to Directive 2008/47/EC None.

### 2.3. Other hazards

Other hazards None.

## SECTION 3: Composition / information on ingredients

### 3.2. Mixtures

Substance	Identification	Classification	Contents	Notes
Silicone rubber	CAS No.: 63394-02-5		99 -100 % wt/wt	
Decamethylcyclopentasiloxane (D5)	CAS No.: 541-02-6		0 -0,5 % wt/wt	
dodecamethylcyclohexansiloxane (D6)	CAS No.: 540-97-6		0 -0,5 % wt/wt	

## SECTION 4: First aid measures

### 4.1. Description of first aid measures

General	No recommendation given, but first aid may still be required in case of accidental exposure, inhalation or ingestion of this chemical. If in doubt, GET MEDICAL ATTENTION PROMPTLY!
Inhalation	If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing.
Skin contact	Gently wash with plenty of soap and water.
Eye contact	If irritation occurs during dust-raising work, flush with plenty of water for up to 15 minutes.
Ingestion	Rinse mouth with water.

### 4.2. Most important symptoms and effects, both acute and delayed

General symptoms and effects None.

### 4.3. Indication of any immediate medical attention and special treatment needed

Medical treatment None.

## SECTION 5: Firefighting measures

### 5.1. Extinguishing media

Suitable extinguishing media      Fight fire with normal precautions from a reasonable distance.

## 5.2. Special hazards arising from the substance or mixture

Fire and explosion hazards      When heated and in case of fire, harmful vapours/gases may be formed.

## 5.3. Advice for firefighters

Personal protective equipment      Wear fire / flame resistant / retardant clothing.

## SECTION 6: Accidental release measures

### 6.1. Personal precautions, protective equipment and emergency procedures

General measures      No recommendation given.

### 6.2. Environmental precautions

Environmental precautionary measures      Collect spillage. Avoid discharge into drains, water courses or onto the ground.

### 6.3. Methods and material for containment and cleaning up

Containment      Collect spillage.

### 6.4. Reference to other sections

Other instructions      None.

## SECTION 7: Handling and storage

### 7.1. Precautions for safe handling

Handling      Avoid prolonged skin contact.

### 7.2. Conditions for safe storage, including any incompatibilities

Storage      Store at moderate temperatures in dry, well ventilated area.

### 7.3. Specific end use(s)

Specific use(s)      No information.

## SECTION 8: Exposure controls / personal protection

### 8.1. Control parameters

Control parameters comments      Not relevant.

### 8.2. Exposure controls

#### Precautionary measures to prevent exposure

Appropriate engineering controls      Provide sufficient ventilation during operations which cause vapour formation.

## Eye / face protection

Required Properties      Wear approved chemical safety goggles where eye exposure is reasonably probable.

## Hand protection

Skin- / hand protection, short term contact      For prolonged or repeated skin contact use suitable protective gloves.

## Respiratory protection

Respiratory protection necessary at      No special precautions.

## SECTION 9: Physical and chemical properties

### 9.1. Information on basic physical and chemical properties

Physical state      Solid.

Odour      None.

Vapour pressure      Comments: Not relevant.

Density      Value: 1,0 -1,5 g/cm<sup>3</sup>

Solubility      Comments: Insoluble in water.

### 9.2. Other information

## SECTION 10: Stability and reactivity

### 10.1. Reactivity

Reactivity      No specific conditions are likely to result in a hazardous situation.

### 10.2. Chemical stability

Stability      Stable under normal temperature conditions.

### 10.3. Possibility of hazardous reactions

Possibility of hazardous reactions      None.

### 10.4. Conditions to avoid

Conditions to avoid      None.

### 10.5. Incompatible materials

Materials to avoid      None.

### 10.6. Hazardous decomposition products

Hazardous decomposition products      Thermal decomposition or combustion may liberate carbon oxides and other toxic gases or vapours.

## SECTION 11: Toxicological information

### 11.1. Information on toxicological effects

Other toxicological data No known chronic or acute health risks.

### Symptoms of exposure

In case of skin contact Defatting, drying and cracking of skin.

In case of inhalation Vapours liberated during curing of the product may in high concentrations irritate the throat and respiratory system and cause coughing.

In case of eye contact Irritating and may cause redness and pain.

## SECTION 12: Ecological information

### 12.1. Toxicity

Ecotoxicity Exposure to aquatic environment unlikely.

### 12.2. Persistence and degradability

Persistence and degradability, comments The product is not expected to be biodegradable.

### 12.3. Bioaccumulative potential

Bioaccumulative potential Bioaccumulation is unlikely to be significant because of the low water solubility of this product.

### 12.4. Mobility in soil

Mobility Not relevant, due to the form of the product.

### 12.5. Results of PBT and vPvB assessment

PBT assessment results None.

### 12.6. Other adverse effects

Other adverse effects, comments None.

## SECTION 13: Disposal considerations

### 13.1. Waste treatment methods

Specify the appropriate methods of disposal Collect spillage. Dispose of waste and residues in accordance with local authority requirements.

EWC waste code Classified as hazardous waste: No

## SECTION 14: Transport information

### 14.1. UN number

**14.2. UN proper shipping name****14.3. Transport hazard class(es)****14.4. Packing group****14.5. Environmental hazards****14.6. Special precautions for user****14.7. Transport in bulk according to Annex II of Marpol and the IBC Code****Additional information**

Additional information

The product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID).

**SECTION 15: Regulatory information****15.1. Safety, health and environmental regulations / legislation specific for the substance or mixture**

Restriction of chemicals according to Annex XVII (REACH)

None.

**15.2. Chemical safety assessment****SECTION 16: Other information**

Supplier's notes

The information on this data sheet represents our current data and is reliable provided that the product is used under the prescribed conditions and in accordance with the application specified on the packaging and/or in the technical guidance literature. Any other use of the product which involves using the product in combination with any other product or any other process is the responsibility of the user.
